REQUEST OF EXTENSION

Judge James E. Grimes.

Your Honor,

I would like to request an extension to reply to Mr. Jerrold H. Kohn's file on my administrative action.

I have, as of August 19, 2015, not yet received the paper work on and of my findings from Mr. Kohn's office.

I need that information to give a proper reply to the counts.

I am, respectfully, asking for an extension, so that I am able to properly respond. Enclosed is a copy of an email to Mr. Kohn re the above matter.

Mr. Kohn,

I'm writing this email to formally request an extension to my response--which is due to the Judge and your team on the 24th of August.

The issue is the following: I have not yet received my case file; and, I would like to answer the issues raised in a proper manner. I'd like to request an extension of 3-4 weeks. This would be ample time because it would allow me to prepare the responses and answer your queries. I do not have an attorney and would be answering the queries in a pro se manner.

Please let me know if I would need to write to Judge Grimes or is something that you could convey to him?

With Regards,

Sachin Uppal
